**October 2003**

**TECHNICAL STATEMENT**

1. This technical statement and attached exhibits have been prepared on behalf of Pacific Broadcasting of Missouri LLC ("PBM"), licensee of KTKY, Channel 291C3, Refugio, Texas (and permittee of KTKY, Channel 293C2, Taft, Texas), and Amigo Radio, Ltd. ("Amigo"), licensee of KOUL, Channel 279C1, Sinton, Texas.<sup>1</sup> PBM and Amigo herein request that Channel 279C1 be re-allotted from Sinton, Texas, to Refugio, Texas. The proposed allotment to Refugio is mutually exclusive with the present KOUL allotment at Sinton, Texas. Further, PBM and Amigo request that the vacant and unapplied for Channel 263A at Refugio, Texas, be re-allotted to Woodsboro, Texas, as that community's first local FM allotment.

**DISCUSSION**

2. In MM Docket #99-256, the Commission upgraded Channel 291C3 to Channel 293C2 and re-allotted the channel from Refugio, Texas, to Taft, Texas. It further ordered KTKY to change its community of license accordingly. In addition, the Commission allotted Channel 291A to Refugio, Texas, as a replacement channel. In so doing, the Commission stated that KTKY could not commence operation on Channel 293C2 at Taft, Texas, until new service commenced operation on Channel 291A (or Channel 263A) at Refugio, Texas. In light of the

---

1) There is an outstanding permit which corrected the coordinates of the authorized KOUL tower/facility, BPH-20030430ACN.

delay in the Commission's FM Auction procedures, replacement service on Channel 291A is some time away. However, as requested herein, were Channel 279C1 re-allotted from Sinton, Texas, to Refugio, Texas, and KOUL ordered to Refugio, Texas, then an operating replacement channel would be active in Refugio allowing KTKY to commence operation under its permit at Taft, Texas.

### **PROPOSAL**

3. Channel 279C1 can be allotted to Refugio, Texas, with a site restriction of 34.0 kilometers south-southwest of the community to avoid shortspacing allotments, or proposed allotments, in Yoakum, Goliad and Smiley, Texas, and station KEYI-FM, Channel 278C, San Marcos, and in order to specify the existing KOUL transmitter site.<sup>2</sup> The reference site for the proposed allotment of Channel 279C1 at Refugio, Texas, is North Latitude 28° 02' 07" and West Longitude 97° 26' 11". Attached as Exhibit #1 is a §73.207 spacing study which shows that Channel 279C1 at the proposed allocation site/authorized KOUL site meets the Commission's minimum distance separation requirements to all licensed, applied for or proposed facilities. Further, attached as Exhibit #2 is a coverage map which shows that a 3.16 mV/m (70 dBu) signal is provided over all of Refugio, Texas, from the authorized KOUL site.

4. Further, it is proposed that Channel 263A be re-allotted from Refugio to Woodsboro, Texas.<sup>3</sup> The reference site for the proposed Woodsboro allotment is North Latitude 28° 21' 00"

---

2) Based upon the coordinates specified in the KOUL permit, BPH-20030430ACN.

3) The allotment of Channel 279C1 would have been the third FM channel allotted to Refugio, Texas. The re-allotment of Channel 263A would leave Refugio with two allotments and provide new service with its allotment to Woodsboro, Texas.

and West Longitude 97° 16' 30".<sup>4</sup> This represents a site restriction of 13.0 kilometers northeast to avoid shortspacing KSAB, Channel 260C1, Robstown, Texas. Attached as Exhibit #3 is a §73.207 spacing study which shows the proposed Woodsboro allotment meets the Commission's minimum distance separation requirements to all existing, applied for or proposed facilities (with the exception of the present allotment at Refugio, Texas). Exhibit #4 is a usable area map which denotes where a transmitter site for Channel 263A can be located to provide service to Woodsboro. It is noted that a 70 dBu (3.16 mV/m) contour will be delivered over all of Woodsboro, Texas, from the proposed reference site.<sup>5</sup>

5. Therefore, PBM and Amigo herein request the following changes in §73.202 of the Commission's rules.

**Refugio, Texas**

Present	Proposed
263A, 291A	279C1, 291A <sup>6</sup>

**Sinton, Texas**

Present	Proposed
267C1, 279C1	267C1

**Woodsboro, Texas**

Present	Proposed
None	263A

- 
- 4) These are the same coordinates as the present Channel 263A allotment at Refugio, Texas.
- 5) Woodsboro, Texas, has a population of 1,685 persons based on the 2000 U.S. Census of Texas. Woodsboro is an incorporated community since 1928. Woodsboro has a Mayor and five member city council. Woodsboro also provides its residents with services, including a local fire department and sheriff's office.
- 6) Channel 222A (or 222C3) is being considered as an alternate channel for Channel 291A in Refugio, Texas, in MB Docket #02-248.

## PUBLIC INTEREST

6. The allotment of Channel 279C1 to Refugio, Texas, will provide that community with an operating expanded area station, without depriving Sinton of its only local service, since full-time AM station KDAE, 1590 kHz, and KNCN, Channel 267C1, will remain licensed to Sinton. Once Channel 279C1 is allotted to Refugio, Texas, Amigo will submit the required application to implement the change in community of license. The community of Refugio is not located in an Urbanized Area, as designated by the United States Census. The authorized KOUL does provide coverage, in excess of 50%, into the Corpus Christi, Texas, Urbanized Area. Since KOUL will not be changing sites, no change in the coverage of the Urbanized Area will occur as a result of this instant petition.<sup>7</sup>

7. The re-allotment of Channel 263A to Woodsboro, Texas, will provide that community with its first locally licensable station, without depriving Refugio of its only local service, since KOUL proposes to be licensed to Refugio as a part of this request. Further, a vacant allotment will also remain in Refugio. Once Channel 263A is allotted to Woodsboro, Texas, PBM will submit the required application at the appropriate time requesting authority to construct a new FM station at Woodsboro. It is noted that Woodsboro is located in Refugio County, Texas. The 70 dBu contour of the proposed allotment will not extend beyond the confines of the county boundary. As such, it will not provide any 70dBu service into the Corpus Christi, Texas, Urbanized Area.

---

7) The present community of license, Sinton, is not located in the Corpus Christi Urbanized Area. As such, this is a proposal to change community of license from one rural community to another rural community, with no actual change in coverage over the Urbanized Area. As such, no Tuck analysis appears to be necessary.

8. Based on the proposed re-allotment of Channel 279C1 to Refugio, Texas, station KTKY will be able to implement operation of its authorized facility at Taft, Texas. This will provide a first local operating service to Taft, Texas, without depriving Refugio of its only operational station.

9. The foregoing technical statement was prepared on behalf of Pacific Broadcasting of Missouri LLC, and Amigo Radio, Ltd., by Graham Brock, Inc., its Technical Consultants. All data related to FM facilities was extracted from the CDBS database. We assume no liability for errors or omissions in that database that may be adverse to the requests contained herein.

## The Woodsboro Square Historical Marker

Year Marker Erected: 1999

### Marker Text:

A land development project of W. C. Johnson and George P. Pugh of Danville, Illinois, this town along the St. Louis, Brownsville and Mexico Railway was laid out in late 1906. A post office was established in the Bonnie View Land Company 1907, and the town was named for Captain Tobias D. Wood, who had sold Bonnie View Ranch to Johnson and Pugh. A public square was included in the official town plat in 1908 and it became the center of the economic growth and enterprises that characterized the early development of Woodsboro. The W Commercial Club was founded in 1914. Among its more lasting contributions were the waterworks installed in the town square. The town was incorporated in 1929. The plaza remains a center for civic activities in Woodsboro. (1999)

## The History Of Woodsboro

WOODSBORO, TEXAS. Woodsboro is in southwestern Refugio County five miles southwest of the city of Refugio at the intersection of U.S. Highway 77 and Farm Road 2441. The town began as a land development project organized in 1906 by W. C. Johnson and George P. Pugh, developers from Danville, Illinois. The town was originally called Church because it was located north of the Church siding on the St. Louis, Brownsville and Mexico Railway, which built the area in 1906. The town site was laid out in November and December 1906, and by February 1907 Johnson and Pugh had completed the town's first structure, a wooden hotel built to house land buyers. ("This is the Real Garden of the Lord," a large sign painted on the side of the hotel advised visitors.) A post office was established in the hotel later that year, and the town's name was changed to Woodsboro after Captain Tobias D. Wood, who had sold the Bonnie View Ranch to the developers. The surrounding farmlands were praised in advertisements distributed across midwestern states, and a number of settlers began to move into the area. By 1908, when the town was officially platted, a school had been established, and the town already had grown to include about twenty-five buildings, including the hotel, a cotton gin, a lumberyard, and a number of dwellings. Other stores and a Masonic temple were quickly added, and in 1910 the town's newspaper, the Woodsboro Hustler, began publication. The Bank of Refugio opened a branch in Woodsboro in 1912, and in 1913 a contract was awarded to install electrical power and light for the community. By 1914 there were about 500 people living in Woodsboro. The Commercial Club, a group of local businessmen organized soon after the town's creation, actively worked to im-

community. The club organized the town's first water works, which were turned over to the government when Woodsboro incorporated in 1928.

An estimated 450 people lived in Woodsboro in 1925, but the town experienced a small boom in 1928, when oil was discovered nearby. As construction and oilfield workers moved into the town, Woodsboro's population rapidly increased, rising to 1,286 by 1930. Though the town was hit by the Great Depression in the early 1930s, by the late 1930s oil activity had revived the area and the town continued to grow. By 1941 Woodsboro had thirty-five businesses and a population of 1,829. Though the number of farms in the area surrounding the city declined after World War II, the oil and gas industry helped to sustain the local economy until the county's petroleum production declined significantly during the 1980s. Woodsboro's population was 1,829 in 1950 and 2,081 in 1960, declined to 1,839 in 1970 before rising slightly to 1,974 in 1980. Woodsboro had fifty-two businesses in 1980, but by 1988 only thirty-three were reported in the town. In 1990 there were 1,731 people living in Woodsboro.
